01 PROFILE

Dynamic Computer Science graduate and aspiring Full-Stack Developer, equipped with a versatile skill set in front-end and back-end technologies. Proficient in HTML, CSS, JavaScript, and frameworks like React and Tailwind, alongside backend knowledge in Node and PHP(Laravel). Recent experience in UI design has fostered a strong foundation in creating user-friendly and aesthetically pleasing applications. An adaptable and fast learner, eager to contribute innovative solutions and collaborate within a team-oriented environment. Ready to embrace new challenges and make a meaningful impact in the software development industry.

02 EMPLOYMENT HISTORY

Jun 2024 — Aug 2024

Addis Ababa

Intern at Web Sprix plc.

I designed a full **UI for both a web and mobile app**, ensuring a seamless, user-friendly experience across devices. My work included wireframes, prototypes, and high-fidelity designs, focusing on **consistency, accessibility, and responsiveness**. I also assisted in the **redesign of their upcoming website**, By collaborating with **developers and graphics designers**,
